

The Contract

MISTRESS

STRONG asked me again if I agreed with the terms that she had just read. I had no alternative, because I went through a long road to get to this point.

MISTRESS STRONG reiterates the question. I was looking down as a form of respect and could only see the Ladies feet expecting to my answer. MADAME FADO's right foot was dangling impatiently, charging to my answer. I was flanked by MISTRESS STRONG and LADY DIDI. Only few minutes went by, however it seemed like an eternity. LADY AMA's feet were also dangling...

The Contract

Obviously, my answer would be "yes, Madam". However a big emotion came over me and silenced my voice. The throat was locked and I

couldn't say a single word. Finally, after swallowing in dry, I answered and a pen was placed in my hand. So I signed the new contract, granted by an international board of Dominant Ladies! LADY MONA and SUBLIME LADY HELGA VANY FREYJA watched for all happen within the rules of sorority.

Thanks LADIES for the wonderful ceremony! Thank you my Lady, I love you
